New EHF Continent Referees

Dear Handball Friends,

The referee couple Dragana JAKOVLJEVIC / Danijela SANDO was observed by a group of EHF experts during the EHF Referee Candidates Course held in Wittlich/GER from 2-5 August 2018.

Based on the final report from this event, the above mentioned referees from SRB participated successfully in the various events and tests and also proved their abilities on the playing court during their matches.

The European Handball Federation therefore awards the SRB referee pair

Dragana JAKOVLJEVIC / Danijela SANDO
with the status of
Continent Referee Europe

Both referees will be informed by the EHF directly with a certificate. Within the next weeks, they should also receive the official EHF Salming referee uniforms, materials, etc. for the season 2018/19.

We wish both of them a lot of success within officiating the EHF competitions and hope for a good cooperation.
