

To the National Federation of: SRB

New EHF Continent Referees

Vienna, 6 May 2024 / BeM

Dear Handball Friends,

The referee pair **Berdic / Šorak (SRB)** was observed & assessed by a group of EHF experts during the certification course for EHF referees/candidates, which took place from 25-28 April 2024 in Drammen, Norway.

Based on the final reports from this EHF course, the above-mentioned referees participated successfully in the various tests and proved their abilities on court during their matches.

The European Handball Federation therefore awards the referees

Berdic Stefan / Šorak Filip

with the status of

Continent Referee Europe

Both referees will be informed by the EHF directly with a certificate. Furthermore, we will also provide them with their EHF Hummel referee kit as well as the necessary EHF documents and instructions ahead of their first nomination in Europe.

We are excited to working with them and are delighted to welcome them as new members of the EHF family.

With best regards,

EUROPEAN HANDBALL FEDERATION

Marcos Bestilleiro
